

The ST. ANTHONY'S

Stride

Walking with decisive steps

Principal's Corner

Welcome

to all incoming form 1 students and parents to St. Anthony's College our home away from home, where our motto is 'Service To All'.

As we forge on to the new and exciting opportunities and possibilities that lay ahead in the upcoming academic year of 2022 - 2023, we want you all to remember that values come first.

At St. Anthony's College our educational philosophy is based on the following -

- Creating students who will become model citizens and contribute and serve their communities
- Educating and equipping our students with humility, sense of responsibility and creativity
- Awakening the emotional healing skills of forgiveness, gentleness, with virtues for life such as honour and truthfulness
- Placing emphasis on having integrity, tolerance, self control and practicing regularity and punctuality.

Continue to inspire your children to be the best that they can be, may today re-energise us for the journey to come.

Maurice Inniss
Principal

SAC PTA

St Anthony's College now has an active Parent Teacher's Association. It was recently installed on June 13th, 2022.

It was one of the actions of the School Management Advisory Committee and the St. Anthony's College (SAC) Administration, as the school has now been handed over from the Holy Ghost Fathers to the Catholic Archdiocese. It is our hope to foster and build a greater partnership

between the school administration, teachers, students and parents.

Your PTA President is Mr. Kerwin Mitchell, Vice President is Ms. Melissa Alexander.

Look out for PTA executive members at Registration and the second hand book sale.
