

WELCOME TO OUR

Monthly Events Wrap Up

Count on Us

The Math Olympiads have been busy this month. In addition to preparing for Round 2 of their competition being held on Feb 23rd. They have organized a Basketball Shootout Competition/Fundraiser that took place on January 31st. These boys will also be representing the school on the 1st February at the UWI Maths Fair. We are wishing them luck.

The Math Olympiads have also launched a Maths Club right here in St. Anthony's spearheaded by Mr. Gopaul. The Club's main goals are to help mentor students, helping with Career Guidance and allowing students to engage in mental, social and physical interactions. Parental Support is encouraged. For those who wish to join please contact Mr. Gopaul.

Events that students have done within the month of January

Carnival is here early

WE ABSOLUTELY LOVED
WORKING WITH THIS CLIENT!

Carnival has arrived at St. Anthony's early this year. St. Anthony's held their 17th Annual Junior Carnival Parade on the school grounds on Saturday 27th January 2024. There was an abundance of little masqueraders on the field competition in the kiddies competition.

Once again, we see Interact taking charge and helping out with the Carnival Parade. They were seen ushering in both Parent and Students. When the event was underway they were once again seen assisting in anyway that they could.

Thank You

This year's 17th Annual Junior Carnival Parade was made a reality with the help of our sponsors!!

Mini Masqueraders

Keeping with the Carnival Vibes there was an internal Carnival Doll Competition happening amongst the Form 1 classes. Boys who were interested were asked to dress a doll in a costume of a traditional carnival character. There was a wide range of dolls handed in for this competition and the winners will be announced at the Annual Carnival Show on Monday 5th February 2024

Darts

OUR REPRESENTATIVES

Joshua Young and Allan Alkins were the boys who qualified in January to represent the country in the National Darts Competition on July 19th - 29th 2024. They have continued their dedication to Darts by having practice every Monday, Friday and Saturday. They practise with Zachary Pierre who is the substitute training with the team. These practices will continue until July.

CAR WASH

WE ARE GRADUATING!!

This month the students of form 5 came today and held a Car Wash to help raise funds for their up and coming graduate. The boys were seen cleaning outside and inside of their teachers cars. The car wash also started up a health competition and boys from different classes came out to help get these cars clean. The Car Wash was held on Friday 26th January 2024.

January 1st - 31st
